Among the shooters are several who, in the opinion of some, should be placed on the team, and these can be expected to try and do better work than the men who have shown in practice that they earned the place. been quite so worked up over a shoot as the match team shoot tomorrow at Ogden between ten of the best shots in Salt Lake and ten of the best shots in Ogden. Usually the local gunners save their enthusiasm for the annual tournament, in which the team shoot is a side issue, but the shoot tomorrow has been as a side issue, but the shoot tomorrow has been as a side to be stronger than last year and were expected to make an even better showing against the other crews. Hope is still expressed that the authorities may be induced to change their ruling, but of that there seems little probability unless President Roosevelt or the secretary of the navy take the matter up, which is not likely, as they seldom interfere with the internal workings of the academy.

Secured Two Dollars From Till and Scattered Merchandise Through-

out Station House. Provo, Feb. 20.—Deputy Sheriff Hales came over from Spanish Fork this morning and reported that tramps had broken into the R. G. W. station last night and stolen \$2 from the till. They also ripped open a bundle of blankets and scattered various other articles around on the floor. In this condition the agent found the depot when he went to work Up to late this afternoon no arrests had been made, but a number of bad characters are being watched and the of-

ficers expect to land the guilty ones be-fore they have an opportunity to leave The friends and patrons, prospective and past, of the New York & Western Piano company will be pleased to know ♦ Boston, Feb. 20.-Nine of the ten ♦ that we have been able to negotiate

with Margetts Bros. for sufficient floor space to carry our large stock of anos, where we invite competition, but defy opposition. Remember the place. No. 7 South Main street, next door to Zion's bank.
